Ring Sizing Guide

Please ensure the page scaling is set to 'None' in printing options. Once printed you can use a ruler to check the accuracy of the printed dimensions using the gauge on the right. Sizes are in US terms

OPTION 1: USING THE RING SIZER

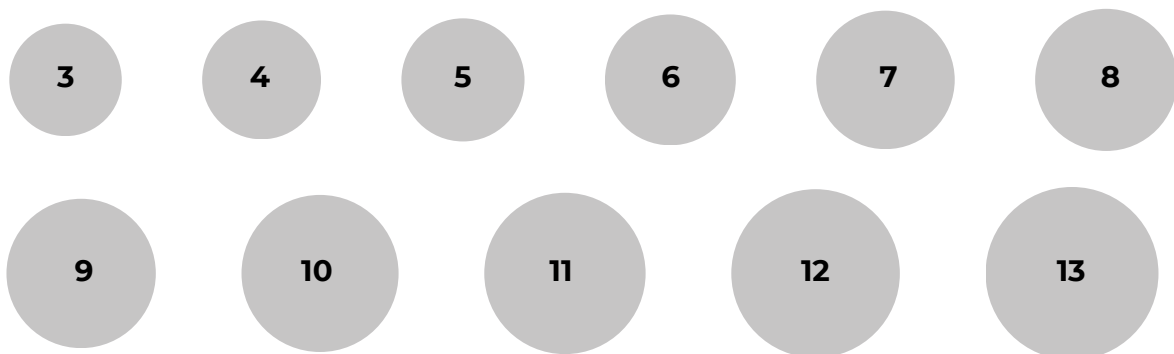

1. After printing cut out the ring sizer below.
2. Carefully cut a slit on the dashed line.
3. Thread the pointed end through the slit to form a loop.
4. Wrap the loop around your finger. Choose the letter which appears closest to the slit, this is your ring size.

OPTION 2: USING AN EXISTING RING

1. Choose a ring that fits your desired finger.
2. Place the ring flat on top of the smallest grey circle below.
3. Move from the smallest to the largest circle until the inside circumference of the ring matches a specific circle.

Tip: If you're stuck between 2 sizes, we offer half-sizes.

If you are still unsure or need a bigger or smaller size, please contact us at hello@emerah.com
